## REPORT.

*To His Excellency, Honorable B. F. Carroll, Governor of Iowa:*

In accordance with the provisions of section 2600-h, Code of Iowa, as amended by the Thirty-first General Assembly, I have the honor to submit the second report of the Board of Dental Examiners of Iowa.

At the annual meeting of the board in May, Dr. G. N. Beemer was elected president and Dr. E. D. Brower, secretary. Through the recommendation of the state society you have appointed Dr. T. F. Cooke and Dr. J. A. West members of the board, and in 1910 that Dr. Cooke was reappointed.

During the past two years the board has held two meetings each year for examination of applicants for license. During the two years 123 made application for examination; 7 for interchange license under the Reciprocity Clause; 7 duplicate licenses; 16 exchange certificates, and no renewal license has been issued.

In the four examinations 29 applicants failed on first examination; 11 on second examination. The passing grade has been placed at 80 per cent; practical and written being required.

We herewith present an alphabetical list of the registered dentists of the state, making a total of 2,329 licenses issued by the board since its creation in 1882, not including duplicates and renewals; also a list by towns.

### RECIPROCITY.

The Thirty-first General Assembly made provision for interchange of license, chapter 116, sections 1 and 2. Under this law we have made contracts with states for interchange of licenses, namely, New Jersey, District of Columbia, Tennessee, Vermont, Ohio, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Nebraska and Kansas. The first four waive both practical and written examination, but the last eight make the provision that the applicant must pass

a satisfactory examination in practical work, waving the written examination.

A great many dentists fail to grasp the idea of exchange fully. A dentist must practice five years in a state before he can get the exchange certificate to go to another state. He must remain in that state five years before he can receive the exchange certificate to go to another state.

The holding of a license in Iowa but practicing in another state does not entitle the holder to an exchange certificate from this state. He must be in continuous practice in this state for at least five years immediately preceding his application for exchange certificate.

#### STATE DENTAL SOCIETY.

The State Dental Society has been reorganized, establishing districts, each district having its own officers, but under control of the state society. A dentist must be a member of his district society to become a member of the state society, i. e., membership in a district society carries with it membership in the state society. At the end of three years' trial the attendance at the state society was the largest it had ever been before.

The prediction is that the district society will be of greater benefit in building up the standard of dentistry in Iowa, and it is hoped the advertiser and disreputable practitioner will be forced out of Iowa or be compelled to resort to honest means and methods of practice.

We respectfully submit this report for your consideration.

G. N. BEEMER, *President.*

E. D. BROWER, *Secretary.*

#### TO THE DENTISTS OF IOWA.

In preparing this report the secretary is under obligations to the dentists of the state and to Marshall-O'Brien-Worthen Company of Des Moines for the list by towns.

The alphabetical list has been corrected as far as possible, but in case where a dentist has moved away and not notified the secretary, I have left it at the last known address.

In case of deaths, I know the list is imperfect, especially the older men. I called your attention to this matter two years ago, but the list is still far from correct.

In this report you will find the list as it appears on our books. During the next two years the list can be made absolutely correct by a little attention by friends and neighbors of those that have gone. This report in the future will be issued every two years by the state.

Now, do you want a correct list? If so, when you change your address, tell the secretary. If you do not get the report it is your own fault, because the secretary does not know where you are. There were quite a number of the last reports returned to me.

Respectfully,

E. D. BROWER, *Secretary.*

The name, age, nativity, location, number of years' practice of the person to whom license is given, the number of the license and the date of registration thereof shall be entered in a book kept in the office of the secretary of the board, which shall be open to the inspection of the public, under the proper restrictions as to its safe keeping, and the number of the book and page containing such entrance shall be noted on the face of the license. Each applicant shall be a graduate of a reputable dental school, which is recognized as such by the Board of Dental Examiners, and pay to the board a fee of twenty dollars before a license is issued. lish said report with a list of dentist's licenses to practice in the state. (31 G. A., Ch. 91, No. 4.)

Sec. 2600-i. License filed for record with clerk of district court—fee. And nothing herein shall be construed to prohibit the practice of dentistry in this state by any practitioner who has been duly registered in accordance with the laws of Iowa existing prior to the passage of this act; or any person who is a member of an incorporated society or community and practicing dentistry solely for and among the members of such community or incorporated society without charge or compensation. (28 G. A., Ch. 91, No. 12.)

Sec. 1. Reciprocity. The Board of Dental Examiners may, with-

out examination, issue license to practice to any dentist who shall have been in legal practice in some other state or territory for a period of at least five years, upon the certificate of the Board of Dental Examiners or a like board of the state or territory in which such dentist was a practitioner; certifying his competency and that he is of good moral character and upon the payment of twenty-five dollars (\$25.00). Provided, however, that the state from which any practitioner may come shall have and maintain equal standard of laws regulating the practice of dentistry and recognize exchange certificates issued by the Board of Dental Examiners of the State of Iowa. Rule VII. This certificate shall, by correspondence, be verified by the college to which a student may apply for admission. Without such certificate no student shall be received by any college recognized by this board for admission to advanced grades, and only on such conditions as would have been imposed by the original college, and these may be ascertained by conference or correspondence.

### STANDING OF STUDENTS HOLDING CERTIFICATES FROM COLLEGES IN FOREIGN COUNTRIES.

Rule VIII. Persons holding certificates from colleges of dentistry in foreign countries shall be required to furnish properly attested evidence of study, attendance upon lectures, examinations passed satisfactorily, etc., the same as is required of students coming from institutions in the United States.

Students coming from foreign countries who speak the English language may be given credit for the time passed in any foreign college recognized by this board. ## ADVANCE STANDING AND ADMISSION OF GRADUATES OF MEDICINE.

Rule IX. Advance standing in the classes shall not be given students except in the following instances:

*First.* Where a student shall have taken a full course in a school recognized by this board and shall have successfully passed the required examination.

*Second.* When a student shall present evidence of graduation from a reputable medical college he may receive one year's advance standing in a dental school.

Rule X. Examinations conducted by colleges shall be in the English language only.

Rule XI. Any student who is suspended or expelled for cause from any dental college shall not be received by any other dental college during that current session. In case the action of the first college is expulsion, the student shall not be given credit at any time for the year's course from which he was expelled. Any college suspending or expelling any student shall at once notify all other dental colleges of its action. Students are required to obey the laws regulating the practice of dentistry.

Rule XII. Colleges shall each year issue announcements containing lists of their students classified in the grades of freshman, junior and senior; designating absentees, irregulars and specials, and giving a list of graduates of the preceding sessions.

Rule XIII. No dental college shall confer any degree as honorary, which is usually granted in due course of study and after examinations.

Rule XIV. No credit for the time of study pursued in any dental college not recognized as reputable by this board shall be allowed by any dental school.

Rule XV. There shall be graded courses of instruction, each course to be followed by examination thereon.

Rule XVI. Candidates for graduation must have completed the regular course of lectures as above stated, and must have passed satisfactory examination in the studies named in these rules and any additional studies named in the college curriculum schedule. They must also furnish creditable evidence of having complied with Rules I, II, XI and XVI. Schools must not graduate students who have failed in more than one study of the regular course,

or who at the time of graduation have not succeeded in completing 80 per cent of the required clinical operative and prosthetic work.

Rule XVII. A graduate of a recognized dental college, who applies to another college for its degree, shall complete one full year course or more of instruction in said college, and comply with the requirements of the senior class or its equivalent.

Rule XVIII. The president or Board of Dental Examiners may appoint a committee or committees to investigate any complaints or charges against a recognized dental college, or any other matter that may in any way come to his or their knowledge which, in his or their opinion, may require investigation.

Rule XIX. Colleges will be recognized or recommended only when there has been actually secured by purchase or lease and fitted up with all required equipment, a sufficiently commodious and convenient building or part of building entirely adequate to the needs of reputable dental college. Such equipment shall include not only the laboratories, etc., with proper chairs, benches and all other apparatus required for complete, practical dental instructions; but also the rooms and fittings necessary for scientific training, with apparatus necessary for the proper teaching of Bacteriology, Histology, Microscopy, Chemistry and such other scientific studies as should form a part of an advanced dental curriculum of study and as are required by these rules.

The character and attainments of its faculty, which must already have been named with the respective positions they are to occupy, must be such as to give assurance that the school will be conducted in a manner to insure complete and adequate instruction in all branches of a good dental curriculum of study.

Rule XX. Credit shall not be given colleges recognized by this board for courses of instruction which do not commence in the morning and continue through the day.

Rule XXI. In the publication of names of students in the annual announcements of colleges recognized by this board, those students who have been transferred during the session shall be indicated. All certificates of preliminary educational qualifications of such students before being accepted shall be verified by correspondence with the authorities issuing said certificates.

Rule XXII. A careful arrangement of the curriculum is recommended. Proper records shall be kept of the attendance, examinations, markings and standing of each student for reference for at least one year after graduation.

Rule XXIV. Although a college may have been recognized by this board as reputable, the board reserves the right to withdraw such recognition at any time, when it may deem it for the best interests of the public to do so. The failure of any college to live up to its profession and published announcements may involve such withdrawal of recognition. The president and secretary of the board are authorized to suspend such recognition pending an investigation, when any charge or facts come under their observation affecting the standing of such colleges. In addition to the minimum requirements established by the board, colleges will be held to a strict compliance with all their own published requirements, and to the observance of all rules which they profess to observe, and any material deviation therefrom coming to the knowledge of the board may be held sufficient grounds for suspension of recognition, as above stated.

Rule XXV. No college shall be, or continue to be, recognized by this board if said college is managed or conducted in whole or in part by any person or persons who do not practice dentistry in accordance with well recognized and generally accepted forms, usually known as dental ethics; or if owned in whole or part by men or women who are engaged in disreputable dental practice or having upon its list of trustees, in its faculties, among its demonstrators, or in any capacity, any one who does not practice dentistry in accordance with principles above mentioned. And no college shall be or continue to be recognized by this board which by itself or any of its officers, trustees, directors or agents shall be found guilty of the sale of a diploma or diplomas or any degree or certificate of merit in scholarship or standing which has not been earned in due course. The judgment and conclusion of the Board of Examiners, upon all questions arising under these rules, shall be absolutely final and conclusive as to all parties concerned, unless reversed by the decision of a court of competent jurisdiction.

Rule XXVI. Any person desiring to practice dentistry in the State of Iowa, who is a graduate of and has a diploma from the faculty of a reputable dental college, school or dental department of a reputable university, may come before the board at any of

its regular meetings for examination in the several branches of dentistry, and if found proficient the board will issue to the said candidate a license to practice.

#### EXAMINATIONS AND LICENSES.

Rule XXVII. Each candidate for examination must present a diploma from a school recognized as reputable by this board, and if found proficient a license shall be issued on payment of a fee of \$20.00. No license shall be issued to any candidate except after successful examination by the board at a regular or special meeting.

Rule XXVIII. (Miscellaneous Rules.) There shall be two or more regular meetings of the board each year, time and place to be determined by president and secretary. Annual meeting may be held during the annual session of the annual State Dental Society. Due notice of all meetings for examination of candidates for license shall be published in leading dental journals at least one month in advance of time. And a notice mailed by secretary to each person who may apply for license.

Rule XXIX. Examinations shall be practical, oral or in writing or partly oral or written, as may be determined, and shall be in the English language.

Rule XXX. Theoretical examination in the following subjects must make a general average of 80 per cent: Anatomy, Physiology, Chemistry, Materia Medica, Pathology, Therapeutics, Bacteriology, Hygiene, Histology, Oral Surgery, Metallurgy, Prosthetic Dentistry, Operative Dentistry, Orthodontia, Jurisprudence and Anesthetics.

Rule XXXI. Clinical demonstration will be required of each applicant, the nature to be determined by the board. Candidates must furnish all needed materials and operating instruments, engine included. Cavities must be prepared in presence of the board.

Rule XXXII. At the opening of the examination the applicant will be furnished with envelope containing numbered card. The applicant will write the name and address upon the card, seal the envelope and use this number on all examination papers. The sealed envelopes will, at conclusion of the written examination, be handed to the secretary and must not be opened until all papers are graded.

Rule XXXIII. Any candidate detected trying to give or obtain aid from a fellow candidate shall be dismissed from examination and his or her paper for the entire examination rejected.

Rule XXXIV. Applicants are expected to be promptly on time at the place of examination. One subject at a time will be taken and be completed by all the class before taking another subject. Read questions very carefully. Do not give information not asked for.

Rule XXXV. An applicant failing to pass the required per cent may appear before the board at the next regular examination. A failure to pass second examination will debar candidate from further examination by this board unless full fee is paid and complete examination taken.

XXXVI. The law does not permit board to issue temporary license, hence failure of any applicant to secure proper grade debars from practice. This rule will be strictly enforced.

Rule XXXVII. The board shall begin the inspection of papers submitted immediately after the close of the session and shall complete the same as promptly as possible to insure careful inspection.

Rule XXXVIII. Write answers in the order of the questions. Do not copy question, but write the number of each question in Roman numerals in the center of page before the answer.

Rule XXXIX. Papers containing the questions must be returned intact with the answers.

Rule XL. An applicant for exchange certificate must be a member of the State Society of Iowa as this requirement is demanded by other states having reciprocity laws.

Rule XLI. All licenses must be recorded in the clerk's office in the county in which holder is practicing within one year from date of issue. A license is of no value until it is recorded.

The next meeting of the Board of Dental Examiners for examination will be held at Iowa City, June —; December —, at Des Moines.
